Letter of recommendation

I had the opportunity of working directly with Mr. Silvestro Sabatelli in different settings and situations. First I got to know him throughout his stay in Vienna as an Erasmus student working for the library of the Volksoper Wien. Under my supervision he was able to show his engagement and dedication in working on piano scores, in re-organising the library and foremost in writing new music scores and orchestra parts. Mr. Sabatelli is not only working fast and without mistakes, but also with great oversight and deep musical knowledge and understanding both from the conductor's and musician's side. His score layout work is far better than most of the music you will get from established publishers.

Since I have changed into the position of librarian to the Vienna Philharmonic Orchestra a couple of years ago, Mr. Sabatelli is constantly working for us on a project basis, especially helping in preparing the music for the famous New Year's concert and the VPO's opera productions during the Salzburger Festspiele.

His excellent work and his ability to take every little detail as important is to the total and full satisfaction to conductors like Riccardo Muti, Daniele Gatti, Mariss Jansons and others as well as our orchestra. We are always pleased about how reliable his work is even under extreme time pressure.
